

Vitamin B12

liposomal delivery

Dietary Supplement

Discover the Liposomal Difference

Liposomes are the most efficient method for vital nutrient delivery

Vitamin B12, a nutrient that helps keep the body's nerve and blood cells healthy and helps make DNA, the genetic material in all cells. Vitamin B12 also helps prevent a type of anemia called megaloblastic anemia that makes people tired and weak.

NO Heat, NO Pressure, NO Solvents used in our liposome manufacturing process
